

# INVESTING IN WHAT MATTERS MOST

**Let's join forces with our generosity to leave an Eternal Legacy; one that will change the lives of every person God brings through our doors, and those who watch online.**

One of the most impactful passages of the Bible tells us that, "David, ... served the purpose of God in his own generation," Acts 13:26 [ASB]. In other words, David made the most of the investment God poured into him with HIS Treasure, Time, and Talent, and made the most of it in his lifetime.

God invites us to do the same! You see, in every generation God desires to use His people's investments to draw other people to the love of Jesus. The only thing we will take with us when we die are the people we have led to Jesus.

Even though we're not King David—we are God's people, and He has invested the same 24-hour days into each of our lives, in order for us to invest our time in what matters most. God has also provided kingdom opportunities for us to invest His

monetary treasures and make the world a better place through the works of His church. Lastly, He has invested a spiritual gift to each follower of Jesus to make His church a place that is complete with the fullness of God.

Each of us matter to God! Not only do we matter to God, but each and every unchurched person matters to Him as well.

David's story reveals to us that God takes note of every investment we make in our generation. In fact, I'm convinced that God has placed us on the earth for such a time as this.

We encourage you to join us in investing into what matters most to God.

### **LWC After-School Program**

We launched our After-School program in August of this year. It's amazing to see what Jesus is doing in, and through, the staff and volunteers as they minister to the kids who come weekly! Our goal is to be a safe-place where children grow in Jesus, become God honoring Americans, and learn important life skills.

**Our goal this year is \$100,000.**

**R1K - LEGACY CAMPAIGN CAUSES:**

**1. After School Program**

Through your generosity we will continue to fund this much needed ministry. Parents, as well as our communities as a whole, benefit from having a safe place for their children to go; a place where God's Word is prioritized, God-loving Americans are raised up, and important life-skills are taught.

Your generosity will provide for continued staffing, school supplies, and much needed equipment.

**2. KidZone**

Jesus tells us NOT to forbid the children from coming to Him! We will continue to make every effort in an intentional investment into the lives of our future generations.

Your generosity will go toward securing a Family Director/Pastor. We will also be investing in improvements to the kids' indoor and outdoor space. We believe every child deserves a place where they can find the love of God, and we are aspiring to be that place for the kids in the communities we serve.

**3. Staffing & Outreach**

The greatest investment a church can make is reaching those who are from God and who don't know Jesus.

We do this by having the right people on the team. We are intentional about having a staff directed by God, who will enable us to reach and disciple those who trust in Jesus. Part of your giving will go toward staffing.

Outreach includes sending mass mailings for our big events, such as Easter, Christmas Eve, Trunk-or-Treat, and VBS. Funding for this is another way to invest in furthering God's Kingdom.

**3. Copper Corridor Campus**

We are one church with two campuses and we are committed to making our campus in the Copper Corridor a place where many will call their home.

Let's partner together to make this a welcoming place where many people will get connected. We need to install new carpet in main sanctuary, make parking lot improvements, and begin to landscape the outdoor courtyard for families to enjoy. This courtyard will also be great place to conduct outdoor weddings.

**4. Online Campus**

Our online presence is growing. We estimate through the data we have obtained that hundreds of people are reached each week through our website, social media, and other online resources. It's through your generosity that we have been able to take the necessary steps to make our online campus one that is excellent and up to date. We will continue to invest into this very important onramp.

**4. Missions**

We have always prided [that's godly pride] ourselves on being a Mission-Minded and a Grace-Led church!

We believe it's imperative to go across the street or across the world to reach, help, and equip the people in our world.

As always, we will invest a part of our Year-End into making this endeavor a reality.

**5. Grounds, Maintenance and Signage**

We are committed to remain good stewards of what God has given us. We need repairs, upgrades, and updates to keep our campuses not only beautiful, but functioning well.

This includes improvement to our parking lots, as well as outdoor signage to point people to what's happening weekly at Living Word Chapel.
